

Career Coaching Workshop

Who Attends by the Numbers*

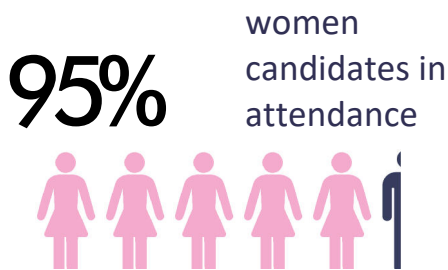

*Based on 2023 and past Career Workshop metrics. 2024 metrics subject to change.

...This event is one of the top showcases of talent that I attend on a regular basis. The women veterans and service members who attend are all highly qualified, and the structure of the event is extremely professional and polished. The Career Workshop is a great opportunity to engage with female veteran leaders at different stages of their careers, and provides an outstanding networking opportunity in addition to helping identify readily available talent. I plan to continue to support and be involved with this event for as long as I lead our corporate military program.

Alex Verhulst | Corporate Talent Acquisition Military Program Manager | Leidos

Candidates Attending 510+

315: IN-PERSON attendees
198: VIRTUAL attendees

11 APR 2024 | HYBRID EVENT | ARLINGTON, VA

The Career Workshop features a job fair, professional development workshops, small group discussions and resources that assist military women leaders in making successful career transitions. Top-caliber, military friendly organizations are invited to network with military officer, veteran and senior enlisted women, as well as military spouses from across the nation who seek employment opportunities and career transition information.
